DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claims 7-32 directed to groups non-elected without traverse. Accordingly, claims 7-32 have been cancelled.

The restriction is made **FINAL**.

Allowable Subject Matter

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance: regarding independent claim 1, the prior art fails to teach or fairly suggest the following in italics, in addition to the accompanying features of the claims, *supplying at least one analyte with explosive characteristics to a flow channel of a differential mobility spectrometer; selecting at least one dopant having an electron affinity; delivering an ionized flow of the at least one analyte and the at least one dopant to the flow channel; applying an asymmetric RF voltage and compensation voltage to filter electrodes located on or in the flow channel; detecting at least one signal corresponding to the ionized flow passing between the filter electrodes; and identifying said analyte based on the at least one detected signal*. Claims 2-6 are allowable by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
